Writes about bad condition of his painting of Niagara

Hudson - New York -
May 2. 1890

Dr. F. O. Barbier

Dear Sir

I take the liberty to
write regarding the condition of
a picture which I painted -
Now in the Corcoran Gallery -

No. 81. "Niagara Falls"

About two years ago I was
informed by Mr. McLeod that
the sky of that picture was much
discolored and needed attention.

I recommended that Mr. Oliver,
a well known picture cleaner
of New York, be employed to

see if he could remove the stains. Unfortunately the result was disastrous for he nearly destroyed the sky.

I then requested that the picture should be sent to me. and I was obliged to repaint the sky.

As was to be expected the new paint in drying left a dead surface but as it would have been injudicious to varnish it so soon after painting it I returned it to the Gallery with the request that it should be varnished in due season.

Two or three weeks ago I was in Washington and visited your Gallery but was surprised to see that the sky was still "dead". I inquired for you but as you were not in I

left word that I would call again, which unfortunately I was not able to do on account of my health.

For this reason I trouble you with this letter and the advice that the picture be soon varnished. A not too heavy coat of Mastic Varnish will suffice after the picture has been cleaned with a soft rag and tepid water only.

I think you will see that the picture is greatly improved after varnishing.

Yours truly

Medard E. Church
